

# If the Government Is YOUR Customer, You Should Be OUR Customer.

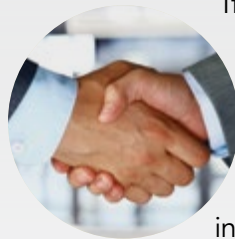

HLI Government Services<sup>SM</sup> is the government and military division of Hospitality Logistics International LLC, a certified Veteran-Owned Small Business with more than a decade of transportation logistics experience. Our leadership team possesses an exceptional knowledge base and unrivaled expertise in the complex space of government logistics. We specialize in delivering to military bases and government facilities.

Singular Expertise in Government Logistics

## Stay Above the Crowd

If you've used any of the larger carriers, you've probably gotten lost in the crowd. Unless you're among their top-tier customers, you will never get the attention you deserve. HLI believes in providing great customer service, no matter how big or small the customer's business. Why? Because we're looking for a long-term relationship. We'd like the opportunity to earn your loyalty.

When you become our customer, we'll give you online access to our tracking technology and assign a dedicated HLI logistics expert to follow your shipment from beginning to end, to provide status updates, and to answer your questions.

Yet for all the extra attention you get, and the specialization we offer, you should never expect to pay more. You'll be pleasantly surprised at our competitive pricing.

# On Time

**BEST IN CUSTOMER SERVICE • VETERAN-OWNED • SPECIALIZING IN GOVERNMENT AND MILITARY**

## Stay Ahead of the Competition

Government contracts can be challenging, complex and unforgiving. We put you ahead of the competition by combining our proven logistics resources, best-in-class technology, and a laser focus on the requirements and demands of government transportation logistics.

HLI is proud to be a certified Veteran-Owned Small Business (VOSB). Partnering with us not only underscores your support for our veteran community, it also helps your company fulfill the small business requirements of federal agencies when seeking procurement opportunities.

## Eliminate Risk

Military bases and other U.S. government installations must make daily decisions regarding threat levels and security screening procedures. It's not unusual for drivers to be turned away at the security gate because they lack the required certification, I.D., background check or citizenship. Meanwhile, you risk missing your delivery date, incur additional costs, and may even be subjected to a hefty fine.

Working with HLI eliminates this all-too-common risk. We are engaged with the Department of Defense (DoD) at the policy level. We attend DoD meetings, know the issues facing the industry, and deliver to military bases daily. We source drivers (from a proprietary database) who meet the specific, real-time contractual requirements of government facilities throughout the states and abroad, ensuring on-time deliveries with no surprises. Can your current carrier offer this level of assurance?

## Welcome to Our World

Headquartered in Charlotte, NC, HLI serves clients throughout North America, Asia, Europe, the Middle East and Africa. Our worldwide resources and expertise ensure your shipments arrive on time via the most efficient mode available.

HLI Government Services<sup>SM</sup> is committed to quality in a way that exceeds today's standards for the transportation industry. We continually fine-tune our internal processes to match the changing needs and demands of our customers, ensuring a superior customer experience every time.

If you're a manufacturer or distributor who sells to the government, we want to assist you in your quest for excellence and successful contract execution.
